

**5 YEARS WARRANTY !**

KOLTEC improves its internal organization every year. It also constantly improves the quality of its products.

In 2017 this resulted in obtaining the ISO 9001 certificate.

Every year the KOLTEC organization is audited by an external agency to check whether KOLTEC still complies with the ISO 9001 standards.

To also underline the superior quality of our devices, KOLTEC gives a 5 YEAR WARRANTY with the purchase of a KOLTEC energiser.

As an aid, you can register the purchase of your KOLTEC energiser on the KOLTEC website. But for a warranty request, submitting your proof of purchase is also sufficient.

The warranty conditions can be found on the website [www.koltec.nl/service/warranty](http://www.koltec.nl/service/warranty)

**KOLTEC = more than 80 years your guarantee for superior DUTCH quality.**

**Warranty**

Every Koltec fencer is guaranteed to be free of defects in materials and workmanship for a period of five years from the date of sale, if you have proof of purchase, or for a period of five years from the date of manufacture if you do not have proof of purchase.

The obligation of Koltec BV under this warranty is limited to repairing or replacing that part of the fencer which, in the opinion of Koltec BV, is defective and is covered by the terms and conditions of this warranty.

If any covered defect occurs during the term of this warranty, send or take the product to the supplier you bought it from or send it back to Koltec BV

The warranty does not cover defects in the fencer caused by careless treatment, misuse, moisture, insects, damage caused by lightning or any other reason not related to defects in the materials or workmanship of the fencer.

In no event shall Koltec BV be liable for incidental, special, indirect or consequential loss or damage of any kind.
